Welcome to the Fall 2015 semester at the College of Engineering! This flyer contains information about academic policies and deadlines that are important to know as the semester begins. If you have any questions about any academic matters, please contact us at studentsupport@eng.fsu.edu. We are here for you! –The Office of the Associate Dean for Student Affairs and Curriculum.

New Interim Dean

The College welcomes Dr. Locke as the new Interim Dean of the FAMU-FSU College of Engineering. Dr. Locke received his B.E. in Chemical Engineering and Environmental and Water Resources from Vanderbilt University in 1980, M.S. degree from University of Houston in 1982, and his Ph.D. in Chemical Engineering from North Carolina University in 1989. From 1989 to 2012, Locke was a professor in the Department of Chemical and Biomedical Engineering at the College of Engineering. He served as Department Chair of Chemical and Biomedical Engineering from 2005 until 2012. He was named a Distinguished University Research Professor in 2010. In November 2012, Locke became the Associate Vice President for Academic Affairs at Florida State University’s Office of the Provost & Executive Vice President for Academic Affairs. Dr. Locke has published 125 peer reviewed papers, 6 book chapters and holds 6 patents with 4 patent applications in progress. His research interests include plasma reaction engineering and metabolic engineering in muscle. Dr. Locke is extremely enthusiastic about his new role as Interim Dean. Although he has only been on board since the first of August, Dr. Locke has been working hard with faculty, staff and students to improve the academic environment and success of our students.

Don't forget the Deadlines!

Drop/Add Period: August 27th (FSU) August 28th (FAMU)
You will be financially liable for all courses on
your schedule after midnight on the final day of Drop/Add.

Deadline to apply for Fall 2015 Graduation: September 11th (FSU and
FAMU)
FAMU Students submit intent to graduate form to your department
FSU Students apply online at http: //campus.fsu.edu

Academic Appeals Deadline: September 18th
–This is your last chance to file an appeal for retroactive course drop for courses taken in Fall 2014
–Appeals instructions and online submission can be found here: www.eng.fsu.edu

Special Dates/Deadlines for the College of Engineering

Holidays (that means NO CLASS!): September 7th, Labor Day, November 11th, Veteran’s Day,
November 25th-29th, Thanksgiving. Last Day of Classes: December 4th, Finals Week: December
7th-11th (go to www.eng.fsu.edu to see schedule) Fall 2015 Graduation – FAMU and FSU: December 11th
Scholarships
Students can get the latest information about scholarships by registering with the scholarship database.
Go to: www.eng.fsu.edu/scholarships and click on "Scholarship Notification Page" to register.
For more information about scholarships and fellowships, contact us at: studentsupport@eng.fsu.edu or stop by the Office of the Associate Dean, B-223A.

Fall Engineering Day
September 15th, 2015
9:00 a.m. - 3:00 p.m.
Engineering Day is a career exposition for students to meet employers and search for full-time, co-op, and internship opportunities in the engineering field. Private companies, non-profit, and government agencies will be represented.
For more information about the Fall Engineering Day, check here: http://www.career.fsu.edu/fairs/engineering/
FSU Career Center:
(850) 644-8625
College of Engineering:
(850) 410-6171

Did you know?
Did you know the FAMU-FSU College of Engineering-Communication and Multimedia Services (CMS) is the service unit of the College that is responsible for overall support of computing and communications, design and production of multimedia products, and distance learning. For more info about CMS, visit here: http://www.eng.fsu.edu/cms多媒体_service/

Faculty Recognition
Dr. Rodney Roberts has been awarded a Fulbright Scholar grant to do research at the University of Macau, which is located in Taipa, Macau.
Dr. Chengying Xu has been selected by the IEEE Education to be the 2015 recipient of the Mac E. VanValkenburg Early Career Teaching Award.
Dr. Egwu Kalu is one of the 17 fellows selected to receive a 2015 Carnegie African Diaspora Fellowship for Collaborative Research on Electrochemical Conversion of Glycerol Waste Into Value-Added Chemicals.
